

Course Description:

This qualification reflects the role of individuals in a variety of information and communications technology (ICT) roles who have significant experience in specialist technical skills, or managerial business and people management skills. Individuals in these roles carry out complex tasks in a specialist field, working independently, leading a team or a strategic direction of a business. They apply their skills across a wide range of industries and business functions, or as a business owner (sole trader/contractor).

Course Outcome:

The skills required for these roles may include, but are not restricted to:

- Cyber security: protecting sensitive data and information through security architecture, and developing disaster recovery and contingency plans
- telecommunications network engineering: managing logistics, organisational specifications, regulations and legislative requirements across network projects.

Entry Requirement:

- Year 12 (HSC)
- Academic IELTS 5.5 overall, no less than 5.0 in each band, or upper intermediate, or EAP from approved ELICOS/ESL center.
- Student who do not meet the English requirement as above must sit for an LLN Test.
- At least 18 years or above

For Packaging courses, student cannot progress to the higher Qualification unless the student successfully Completed lower Qualification.

Assessment Method:

Assessments may include short written knowledge tests, discussions and oral communication demonstrations, case study exercises, written reports, web-based research and reports, final projects and final written exams. To perform at your best, you will probably need to work on the assessments outside of class time.

Recognition of Prior Learning (RPL):

Students who have completed relevant studies or have some of the competencies in the course may apply for Recognition of Prior Learning (RPL). Application for RPL can be made with the initial application or can be made within two weeks of the course commencement using the RPL Application Form and by providing supporting documents. Please note that RPL cannot result in an international student having less than a full-time load of study (20 hours per week) but can reduce the overall duration of the course and fees. See our Student Handbook for more information.

Course Credit

If a Student has an Australian VET qualification and the units match exactly with the units delivered, the Student will be granted a Direct Credit Transfer. Marketing and student services staff will manage this process following Student Credit Transfer and Recognition of Prior Learning policy and procedure. This sets out how the process is administered and the adjustment to course duration and course fees.

Course Duration

104 weeks (80 Academic weeks + 24 Weeks Holidays)

Study Mode

14 Hours Face to Face and 6 Hours Online

Delivery Location

Level 2, 17-21 Macquarie St Parramatta NSW 2150, Level 1, 303 Pitt St, Sydney 2000, NSW, 9 Searcy St, Darwin City, NT, 0800

Core Units

BSBCRT611	Apply critical thinking for complex problem solving
ICTICT608	Interact with clients on a business level
ICTICT618	Manage IP, ethics and privacy in ICT environments
ICTSAD609	Plan and monitor business analysis activities in an ICT environment
BSBTWK502	Manage team effectiveness
BSBXCS402	Promote workplace cyber security awareness and best practices

Elective Units

ICTCYS604	Implement best practices for identity management
ICTCYS606	Evaluate an organisation's compliance with relevant cyber security standards and law
ICTCYS608	Perform cyber security risk assessments
ICTCYS612	Design and implement virtualised cyber security infrastructure for organisations
ICTNWK612	Plan and manage troubleshooting advanced integrated IP networks
ICTNPL413	Evaluate networking regulations and legislation for the telecommunications industry
ICTPMG613	Manage ICT project planning
ICTTEN615	Manage network traffic
ICTTEN622	Produce ICT network architecture designs
ICTNWK546	Manage network security
